

**University of California San Francisco Dept. of Ophthalmology
Grand Rounds MGR 12014**

**Thursdays, 8:30 am to 10am
University of California San Francisco, Medical Sciences Building,
513 Parnassus Avenue, S 214**

Schedule subject to change. For monthly updates, please visit our Department website.
<http://www.ucsfeye.net>

September 15, 2011

8:30am -9:15 am Case Presentations: UVEITIS

9:15am-10:00am Major Topic: *"Is Immunosuppression a Safe Treatment Approach For Eye Disease?"*
John H. Kempen, MD, MHS, MPH, PhD. Associate Professor of Ophthalmology & Epidemiology, Director of the Ocular Inflammation Service at the Scheie Eye Institute

Host: Nisha Acharya, M.D.

September 22, 2011

8:30am-9:15am Case Presentations: CORNEA

9:15am -10:00 am Main Topic: *"Impossible Dreams – Everest and Eradicating World Blindness"*
Geoffrey C. Tabin, M.D., Professor of Ophthalmology & Visual Sciences University of Utah School of Medicine and Director of the Division of International Ophthalmology at Moran Eye Center

Host: Jeremy Keenan, M.D.

September 29, 2011

8:30am - 9:15am Case Presentations: GLAUCOMA

9:15am - 10:00 am Major Topic: *"Botulinum Toxin for the Treatment of Strabismus...30 Years Later"*
Alejandra de Alba Campomanes, M.D.
Assistant Professor of Ophthalmology & Director of Pediatric Ophthalmology & Adult Strabismus, San Francisco General Hospital

October 6, 2011

8:30am-9:15am

Case Presentations: CORNEA

9:15am-10am:

The Thirteenth Samuel J. Kimura, M.D. and Pearl T. Kimura Memorial Lecture

"Fungal Keratitis: The Disease That Will Never Go Away!"

Eduardo C. Alfonso, M.D.

Professor and Chairman

Kathleen & Stanley J. Glaser Chair in Ophthalmology

Bascom Palmer Eye Institute

University of Miami

Host: Stephen McLeod, M.D

October 13, 2011

8:30am-9:15am

Case Presentations: RETINA

9:15am-10am

The Thomas E. Moore, Jr., M.D. Lecture on Corneal Disease

"The Hidden History and Future Development of Endothelial Keratoplasty"

Mark A. Terry, M.D.

Director of Corneal Services

Devers Eye Institute

Host: Bennie Jeng, M.D.

October 20, 2011

No Grand Rounds, AAO meeting

October 27, 2011

8:30am-9:15 am

Case Presentations: NEURO-OPHTHALMOLOGY

9:15 am-10am

Major Topic: "The Role of IL-17 in *Aspergillus* and *Fusarium* Corneal Infections – Insights from Human Disease and Animal Models"

Eric Pearlman, Ph.D.

Professor and Director of Research

Department of Ophthalmology & Visual Sciences, and Institute of Pathology

Case Western Reserve University

Host: Matilda Chan, M.D.

November 3, 2011

8:30am-9:15 am

Case Presentations: OCULOPLASTICS

9:15am-10am

Major Topic: *“The Role of 11-cis Retinal in ER Quality Control of Opsin Biosynthesis and in Hereditary Eye Disease”*

Edward N. Pugh, Jr., Ph.D.
Professor of Neurobiology and Retinal Physiology,
Center for Neuroscience
University of California, Davis

Host: Julie Schnapf, M.D.

November 10, 2011

8:30am – 9:15 am

Case Presentations: GLAUCOMA

9:15am-10am

Major Topic: *“Fine Needle Aspiration Biopsy in Ophthalmic Oncology”*

Devron H. Char, M.D.
Director & President, Tumori Foundation, San Francisco
Clinical Professor, Stanford University & UCSF, Dept of
Ophthalmology

November 17, 2011

8:30am-9:15am

Case Presentations: NEURO-OPHTHALMOLOGY

9:15am – 10am

Major Topic: *“100 Years of Köllner’s Rule --- Upstream Changes In Optic Neuropathies”*

John S. Werner, PhD
Distinguished Professor of Ophthalmology
University of California, Davis

Host: Jacque Duncan, M.D.

November 24, 2011

No Grand Rounds due to Holiday

December 1, 2011

8:30 am – 9:15am

Case Presentations: PEDIATRIC OPHTHALMOLOGY

9:15 am – 10am

Major Topic: *“The Curse of The Second Eye”*

Rohit Varma, M.D., MPH
Professor, Ophthalmology and Preventive Medicine;
Director of the Glaucoma Service, Ocular Epidemiology Center and
Clinical Trials, University of Southern California

Host: Ying Han, M.D.

December 8, 2011

8:30am-9:15am

Case Presentations: OCULOPLASTICS

9:15 am-10am

Major Topic: *“Imaging Misadventures”*
Philip L. Custer, M.D.
Professor of Ophthalmology & Visual Sciences
Washington University School of Medicine

Host: M. Reza Vagefi, M.D.

December 15, 2011

8:30am-9:15am

Case Presentations: RETINA

9:15am-10am

Major Topic: *“Neurodegeneration in Glaucoma: Defining Events & Opportunities for Intervention”*
David J. Calkins, Ph.D.
Vice Chairman and Director for Research, Vanderbilt Eye Institute; Professor of Ophthalmology & Visual Sciences, Neuroscience & Psychology
Vanderbilt University Medical Center

Host: Matilda Chan, M.D.

December 22, 2011

No Grand Rounds due to Holiday

December 29, 2011

No Grand Rounds due to Holidays

January 5, 2012

8:30am-9:15am

Case Presentations: PATHOLOGY

9:15am-10am

Major Topic: *“Refractive Surgery Patient Reported Outcomes: A New Paradigm in Patient Care”*
Steven Schallhorn, M.D.
Chief Medical Director for Optical Express UK and Clinical Professor of Ophthalmology, UCSF

Host: Cynthia Chiu, M.D.

January 12, 2012

8:30am -9:15 am

Case Presentations: CASE RECORDS OF THE SFGH

9:15am-10am

Major Topic: *Oculocutaneous Albinism: Can We Find A Treatment For Developmental Vision Loss?*

Brian P. Brooks, MD, PhD

Chief of Unit on Pediatrics, Development and Genetic Eye Disease, National Eye Institute

Host: Bennie Jeng, M.D.

January 19, 2012

8:30am -9:15am

Case Presentations: GLAUCOMA

9:15am-10am

Major Topic: *"Three Dimensional Morphometry of the Human Lamina Cribosa"*

Christopher A. Girkin, M.D.

Director, Glaucoma Service & Professor of Ophthalmology and Interim Chair, Callahan Eye Foundation, University of Alabama, University of Alabama

Host: Robert Stamper, M.D.

January 26, 2012

8:30am-9:15am

CASE PRESENTATIONS: PATHOLOGY

9:15am-10:00am

Major Topic: *"Molecular Control Mechanisms in Optic Nerve Glioma; Implications for Therapy"*

J. Douglas Cameron, M.D.

Professor of Ophthalmology and Laboratory Medicine and Pathology, University of Minnesota

Host: Michele Bloomer, M.D.

February 2, 2012

8:30am-9:15am

Case Presentations: COMPREHENSIVE OPHTHALMOLOGY/CONSULT SERVICE

9:15am-10am

Major Topic: *Development and Validation of the Glaucoma Health Policy Model*

Steven M. Kymes, PhD

Research Associate Professor of Ophthalmology & Visual Science; Senior Fellow, Center for Health Policy, Washington University

Host: Stephen McLeod, M.D.

February 9, 2012

8:30am-9:15am

Case Presentations: RETINA

9:15am-10am

Major Topic: "*Control of Autoimmune Uveitis by the Aire Gene*"

Mark Anderson, M.D.

Associate Professor, Director of the UCSF Diabetes Center

Host: Todd Margolis, M.D.

February 16, 2012

8:30am-9:15am

Case Presentations: PEDIATRIC OPHTHALMOLOGY & STRABISMUS

9:15am-10am

Major Topic: "Photoreceptor Outer Segment Renewal – An Update"

David S. Williams, PhD.

Jules & Doris Stein Research to Prevent Blindness Professor of

Ophthalmology & Professor of Neurobiology,

University of California, Los Angeles

Host: Douglas Gould, M.D.

February 23, 2012

8:30am-9:15 am

Case Presentations: CASE RECORDS OF THE VA

9:15am-10am

Major Topic: "*Genetic Studies of Normal Tension Glaucoma*"

John H. Fingert, MD, PhD

Associate Professor of Ophthalmology & Visual Sciences &

Associate Professor of Anatomy & Cell Biology,

Carver College of Medicine, University of Iowa

Host: Shan Lin, M.D.

March 1, 2012

8:30am-9:15am

Case Presentations: RETINA

9:15am-10am

Major Topic: "Glaucomatous Damage Revealed through

Structure (anatomy) vs. Function (behavior) Comparisons"

Donald C. Hood, M.D.

James F. Bender Professor of Psychology

Professor of Ophthalmic Sciences

Columbia University

Host: Ying Han, M.D.

March 8, 2012

The Fourteenth Annual Alexander R. Irvine Residents Day and the Transamerica Visiting Professor in Vision Science

8:00am-4:00pm

Major Topic: Changes in Strabismus over Time – Implications for Management

Transamerica Visiting Professor in Vision Science

David L. Guyton, M.D.
Zanvyl Kreiger Professor of Pediatric Ophthalmology
The Wilmer Ophthalmological Institute
Johns Hopkins University School of Medicine

**Residents Day will take place at UCSF Cole Hall

March 9, 2012

8:00am-5pm

Frederick C. Cordes Eye Society

Steven G. Kramer, MD, PhD Endowed Lectureship

“The DRCRN Perspective: A Therapy and an Algorithm for the Management of Diabetic Macular Edema”

Sharon D. Solomon, MD
Katharine M. Graham Associate Professor of Ophthalmology
The Wilmer Eye Institute, Johns Hopkins University School of Medicine

City Club of San Francisco
155 Sansome Street, San Francisco

March 15, 2012

8:30am-9:15 am

Case Presentations: REFRACTIVE SURGERY

9:15am-10am

Major Topic: Circuit Assembly and Disassembly in the Retina

The Fifteenth Annual Roy H. Steinberg, MD, PhD

Memorial Lecture

Rachel Wong, PhD
Professor, Biological Structure
University of Washington

Host: Erik Ulian, Ph.D.

March 22, 2012

8:30am-9:15 am

Case Presentations: CORNEA

9:15am-10am

The Twelfth Annual Ernest K. Goodner, MD Lecture

Major Topic: Meeting Tomorrow's Eye Care Needs

Paul P. Lee, MD, JD
F. Bruce Fralick Professor and Chair of the Department of Ophthalmology and Visual Sciences, University of Michigan

Host: Stephen McLeod, M.D.

March 29, 2012

8:30am-9:15am

Case Presentations: GLAUCOMA

9:15am-10am

Major Topic:Neuroinflammation in Glaucoma

Stuart J. McKinnon, MD, Ph.D

Associate Professor of Ophthalmology, Glaucoma Service ,
Duke University

Host: Yvonne Ou, M.D.

April 5, 2012

HSW 300

8:30am-9:15am

Case Presentations: ONCOLOGY

9:15am-10am

Major Topic: Pseudomonas versus Ocular Surface: Who Wins and
Why?:

Suzanne MJ Fleiszig, OD, Ph.D.

Professor of Optometry & Vision Science, Infectious Disease &
Immunity & Microbiology,
University of California, Berkeley

Host: Todd Margolis, M.D.

April 12, 2012

HSW 300

8:30am-9:15am

Case Presentations: UVEITIS

9:15am-10am

Major Topic: Angle Closure is a Huge Public Health Problem;
What Should We Do About It?

Alta Lecture

David S. Friedman, M.D.

Alfred Sommer Professor of Ophthalmology

The Wilmer Eye Institute

Johns Hopkins Hospital

Hosts: Bruce Gaynor, MD and Tom Lietman, M.D.

April 19, 2012

TOLAND HALL

8:30am-9:15am

Case Presentations: CORNEA

9:15am-10am:

Major Topic: Update of the Age-Related Eye Disease Study (AREADS) and AREDS 2

Theresa M. Caygill and Wayne M. Caygill, M.D. , Visiting Professor

Emily Y. Chew, M.D.

Deputy Director of the Division of Epidemiology & Clinical Application & Deputy Clinical Director, the National Eye Institute, National Institute of Health

Host: Jacque Duncan, M.D.

April 26, 2012

C-701 (Dental Lecture Hall, Medical Science Bldg)

8:30am-9:15am

Case Presentations: PEDIATRIC OPHTHALMOLOGY & STRABISMUS

9:15am-10am

Major Topic: Electronic Health Record Implementation in Ophthalmology: The Good, The Bad and The Ugly”

Michael F. Chiang, M.D.

Professor of Ophthalmology & Medical Informatics and Clinical Epidemiology,
Oregon Health & Science University

Host: Jay Stewart, M.D.

May 3, 2012

S214

8:30am-9:15am

Case Presentations: OCULOPLASTICS

9:15am-10am

Major Topic: “*Emerging Therapeutic Advancements for Orbital Diseases*”

David T. Tse, M.D.

Professor of Ophthalmology,
Dr Nasser Ibrahim Al-Rashid Chair in Ophthalmic Plastic,
Orbital Surgery and Oncology, Bascom Palmer Eye Institute

Host: Robert Kersten, M.D.

May 10, 2012

No Grand Rounds, ARVO Meeting

|

May 17, 2012

S214

8:30am-9:15am

Case Presentations: ONCOLOGY

9:15am-10am

Major Topic: *“Taking Conventional Imaging Into New Areas: Does OCT Imaging Add to Our Understanding of ROP?”*

Cynthia A. Toth, M.D.

Professor of Ophthalmology & Bioengineering,
Duke University Medical Center

Host: Jacque Duncan, M.D.

May 24, 2012

S214

8:30am-9:15 am

Case Presentations: UVEITIS

9:15am-10am

Major Topic: TBA

Justine R. Smith, MBBS, PhD.

Associate Professor of Ophthalmology & Cell & Developmental
Biology and the Schitzer Professor of Ophthalmic Research,
Oregon Health & Science University

Host: Nisha Acharya, M.D.
